—FRIDAY, JUNE 8, 1900.—
DEMOCRATIC TICKET.
For Congress, Second District,
HON. HENRY D. ALLEN.

Lord Roberts entered Pretoria with but little opposition, the Boers having retired.

The census is now being taken and 52,631 enumerators are at work, 1,318 of them, in Kentucky.

Thos. M. Gilmore, the widely known distiller, is a Democratic candidate for congress in the Fifth district.

Mrs. John Sherman died Tuesday at Mansfield, Ohio. Her aged husband is not expected to survive much longer.

At Memphis a man after being baptized went on board a boat to change his clothes and while shouting fell overboard and was drowned.

Judge W. H. Holt, the newly appointed District Judge of Porto Rico, will go to the island about August 1. The place pays \$5,000 a year.

W. D. Bynum, the Indiana ex-Congressman whose treachery to the Democratic party was rewarded by a federal appointment, was turned down by the Senate.

Covington women have organized to raise a fund for the erection of a statue to the memory of Gov. Goebel, on the Public Square of that city. Mrs. M. L. Harbeson, wife of Senator Harbeson, is chairman of the committee.

The latest from Taylor is that he is out of the race for Governor and will become a life insurance agent, making Indiana his home, at least until Gov. Kern is inaugurated Jan. 7, 1901. It is further said he will not attempt to leave Indiana to attend the Philadelphia convention.

Yerkes is a clean man himself, but he will have to make it plain how he stands on the assassination question. He will be called upon, if he is the Republican nominee, to say whether or not he would pardon the assassins of Gov. Goebel if elected Governor.

Ed C. O'Rear, the Republican nominee for Appellate judge in the eastern district, is a young Mt. Sterling attorney, more of a politician than a lawyer. He is shrewd, active, untiring and unscrupulous in his methods. He is a dangerous antagonist and it will take hard work to save the district, in view of the assassination record of the Republican party.

Col. D. R. Collier has returned from a conference with Bill Taylor, one of the indicted fugitives in Indianapolis. It is believed that he went to notify Taylor that he would not be allowed to run for Governor. Evidence accumulates that the law-abiding element of the Republican party, if it is strong enough to do so, will drop Taylor, unless he returns for trial. Yerkes is an avowed candidate and Collier may run as Bradley's representative.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials.

Judge Cook on Monday gave belated instructions to the grand jury to investigate the election frauds perpetrated in this county last fall. The KENTUCKIAN has repeatedly pointed out some of the more flagrant of the frauds that were so great as to invalidate the election in one or more precincts. Sworn testimony is on file showing gross violations of the election law by election officers and other officials. The registration books of the county disclose the names of numerous persons who were not allowed to vote by the officers, because they allege that it was proven to their satisfaction that the law had not been observed in placing the names upon the books. These public records are accessible at all times and the grand jury can easily ascertain whether illegal votes were placed on the books or legally registered voters were unlawfully deprived of the right to vote. In either case a respect for the law should be enforced regardless of the political affiliation of the offending parties. Republicans have freely charged that Democrats have been guilty of frauds. It is now up to them to tell what they know or shut up. Let us have a full investigation of the charges on both sides. Let us hew to the line and let the chips fall where they may.

The Seventh District Committee, has acted wisely in amending the call for the Democratic Congressional Convention. The open door policy will bring many recruits to the Democratic party this year. These will come not alone from dissatisfied factions of the Democracy, but many will come from the anti-assassination element of the Republican party.

The change in the party call in the Seventh district is not likely to endanger the success of South Trimble, who appears to have the Congressional nomination already won. The services of this intrepid young leader entitle him to the recognition of his party and it is not likely that any combination can be formed to defeat him.

The Ninth Congressional district Democrats in convention at Catlettsburg, Wednesday, unanimously nominated Jas. N. Kehoe of Maysville for Congress. The Democrats with an unpopular and inactive candidate two years ago only lost the district by ten votes, and the election of Jim Kehoe this year is as certain as any future event can be. He is a bright and brainy young man who will lead his party to victory.

Stephen Crane, the American author and war correspondent, died at Badenweiler, Baden, Tuesday, aged 30 years. He had been ill a long time.

ALLAN-HERMAN.
Suprise Wedding at Eld. Smith's Residence Wednesday.

Capt. J. P. B. Allan, a member of the faculty of South Kentucky College and commandant of Cadets, and Miss Ezbon Mai Herman, a teacher in the same institution, were married Wednesday afternoon, and took the evening train for Birmingham, Ala., Capt. Allan's former home, where they will make a visit and then return here to spend the summer.

The ceremony was performed by Eld. H. D. Smith at his residence just before the 5:27 p. m. train arrived.

Capt. Allan has been connected with South Kentucky College for several years and is a very highly educated and cultured gentleman. He has been popular in professional and social circles and has made many friends here. His bride is from Louisville and is a most charming and accomplished young lady.

POLK JOHNSON'S SON.
Albert Sidney Johnson Suicides in Louisville Wednesday.

Louisville, June 6.—Albert Sidney Johnson, second son of E. Polk Johnson, committed suicide by taking morphine to-day. He was a lieutenant in the war with Spain. Ill health was the cause.

Misses Alta and Brender Kenner, of this city, left Wednesday for Howell, on a lengthy visit to relatives, and before returning home will visit relatives in Clarksville.

NOT ENOUGH.
Clifford Nadaud, of Covington, Says He Is Now a Democrat.

Covington, Ky., June 6.—Clifford E. Nadaud, a prominent Republican leader of Covington, announced to-day that he had renounced Republicanism and joined Democracy. He ran for Mayor of Covington on the Republican ticket last fall, but was defeated. Recently Nadaud was charged with being a Goebel Republican by ultra Republican leaders, and this determined him to turn over to the Democrats. When interviewed he said: "The Democratic platform represents my ideas and principles. I am opposed to trusts and imperialism, and do not believe that we should longer hold the Philippines. The assassination of Goebel met with my severe condemnation, for I loved Goebel."

CAPE NOME CLAIMS STAKED.
Several Thousand Men at Work Taking Out Good Pay.

Seattle, Wash., June 6.—J. C. Kurtz and Norman Smith, who left Cape Nome, March 16, two months later than any other arrivals, reached here on the Bertha. They made the trip overland and caught the Bertha at Kodiak. They report that several thousand men are already at work on the partly frozen beach and taking out good pay. Several new pay streaks have been found and a number of rich quartz strikes are reported. The miners have organized and fixed the amount of beach territory each man shall have. Every claim of any value in the entire country has been staked and restaked and they figure that it will take a year's legal work to establish the ownership.

As General Evangelist of The S. K. M. And S. S. A.

Elder J. L. Hill of the Christain Church in this city, has been offered the position of general evangelist in the South Kentucky Missionary and Sunday School Association, which convened at Morganfield last week. Mr. Hill has not yet accepted the offer and may not do so. The position has been filled for eighteen years by Elder G. W. Gant, of Hopkinsville. Elder Hill is very popular with his congregation as well as with all other denominations at this place and his acceptance would meet with much regret from all sources.—Hustler.

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble. Dr. Kilmer's Swamp-Root, the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper.

Neither can you cure nervous diseases by using drugs or compounds that only stimulate or deaden the nerves.
The delicate nervous system must be fed and sustained by pure, rich blood, and the one medicine to purify and vitalize the blood is Hood's Sarsaparilla. That is the prime object for which it is made and it has won success unequalled in the history of medicine. You should know by actual experience what it will do for you.
Nervous—*"I was weak, always tired and nervous. After taking five bottles of Hood's Sarsaparilla I could sleep well, felt cheerful and could do my work."* Mrs. Emma Smith, 68 E. Mitchell Street, Oswego, N. Y.

KENTUCKY YEARLINGS.
Christian County Breeders Will Be Well Represented.

Dr. M. W. Williams left for New York Tuesday with a string of eleven Adelbert yearlings, the property of the firm of Williams & Radford, of which he is a member. The season for the sale of yearlings is at hand, and since Kentucky breeders are now seeking the Eastern market the shipment of future turf stars has already begun all over the state for the sale which commences next Tuesday. Williams & Radford's string is made up of the grandest lot of youngsters sent from this county for some time.

There will be quite a colony of Kentucky turfmen in New York during the next two weeks, as all of the breeders will accompany their yearlings.

MR. GARROTT RESIGNS.
Foreman of the Grand Jury Resigns a Civil Office.

Mr. Isaac Garrott has resigned his position as a member of the Board of Election Commissioners for Christian county. Mr. Garrott resigned because a civil officer cannot be a member of the grand jury and he was summoned to serve on the present one. As the county board will be re-organized in about sixty days, it is not likely that the vacancy will be filled until that time.
